

# GSP COMMISSION MEETING March 21, 2022

#### **AGENDA**

Greenville-Spartanburg Airport Commission Regular Meeting Greenville-Spartanburg International Airport Commission Boardroom Monday, March 21, 2022 9:00 a.m.

#### \*NOTE TO ALL PUBLIC ATTENDEES:

The public may speak on any item on the agenda. There are request cards located outside the public seating area. These cards must be completed and presented to the Recording Secretary prior to the item being heard. Your comments will be addressed prior to the Airport Commission's discussion, and you will have 5 minutes to address the Airport Commission. Thank you for your attention.

- I. CALL TO ORDER:
- II. CONSENT AGENDA:
  - A. Approval of the Greenville-Spartanburg Airport Commission January 24, 2022 Regular Meeting Minutes (document)
- III. PRESENTATIONS:
  - A. Transportation Security Administration Update (document)
  - B. OneSpartanburg, Inc. Update (document)
- IV. OLD BUSINESS: None
- V. NEW BUSINESS:
  - A. Approval of a Budget Amendment for the Site 1 Corporate Hangar Project (document)
- VI. PRESIDENT/CEO REPORT:
  - A. Aviation Industry Update
  - B. Federal and State Legislative Update
  - C. Coronavirus (COVID-19) Update

GREENVILLE-SPARTANBURG AIRPORT COMMISSION AGENDA Monday, March 21, 2022 Page 2

#### VII. INFORMATION SECTION:

(Staff presentations will not be made on these items. Staff will be available to address any questions the Commission may have.)

- A. January 2022 Traffic Report (document)
- B. January 2022 Financial Report (document)
- C. February 2022 Development/Project Status Report (document)
- D. February 2022 Communications Status Report (document)
- E. February 2022 Commercial Business and Marketing Report (document)
- F. February 2022 OSHA Reportable Injury Report (document)

#### VIII. COMMISSION MEMBER REPORTS

#### IX. EXECUTIVE SESSION:

The Airport Commission may hold an Executive Session for the purpose of receiving legal advice on various matters.

#### X. ADJOURNMENT

This agenda of the Greenville-Spartanburg Airport Commission is provided as a matter of convenience to the public. It is not the official agenda. Although every effort is made to provide complete and accurate information to this agenda, The Airport Commission does not warrant or guarantee its accuracy or completeness for any purpose. The agenda is subject to change before or at the Airport Commission meeting.

# GREENVILLE-SPARTANBURG AIRPORT COMMISSION MINUTES

#### January 24, 2022

The Greenville-Spartanburg Airport Commission met on January 24, 2022 at 9:00 a.m. in the Greenville-Spartanburg District Office Board Room located at 500 Aviation Parkway Greer, South Carolina 29651. The public and media were given proper notice of this meeting, under applicable law. This was a regular, non-emergency meeting.

**MEMBERS PRESENT:** Minor Shaw, Hank Ramella (via conference phone), Leland Burch, Valerie Miller, Jay Beeson, Doug Smith

#### **MEMBERS NOT PRESENT: None**

**STAFF AND LEGAL COUNSEL PRESENT:** David Edwards, President/CEO; Kevin Howell, Senior Vice President/COO; Basil Dosunmu, Senior Vice President-Administration and Finance/CFO; Scott Carr, Vice President Commercial Business and Communications; Betty O. Temple, WBD; Thomas Tyra, Director of Communications & Air Service Development; Jeff Clifton, Director of Design & Construction; Casey Cooperman, Executive Assistant/Recording Secretary

**GUESTS PRESENT:** Zach Nelson, McFarland Johnson; Bob Overby, McFarland Johnson; David Sparkes, Kimley-Horn; Eric Rysdon, HDR; Jennifer Mustar, HDR

CALL TO ORDER: Chair Minor Shaw called the meeting to order at 9:04 a.m.

**CONSENT AGENDA:** A motion was made, seconded, and unanimous vote received to approve the Consent Agenda as follows:

- **A.** The Greenville-Spartanburg Airport Commission November 30, 2021 Regular Meeting Minutes.
- **B.** The Greenville-Spartanburg Audit Committee November 19, 2021 Regular Meeting Minutes.

#### **PRESENTATIONS:**

#### A. Airport District Awards Presentation

Mr. Scott Carr, Vice President of Commercial Business & Communications, presented and reviewed awards received by the District and the projects that were submitted for consideration, as follows:

- Winner SC Best in Business award for 2021 Best Regional Airport in South Carolina
- ACI-NA 2021 Concessions Program Adaptability Award for the Small Airports Category
- Platinum AMCP 2021 MARCOM Award for Website Redesign
- Gold AMCP 2021 MARCOM Award for TV Broadcast Video (Website Redesign/Low Fares)
- Gold AMCP 2021 MARCOM Gold Award for Graphic Design (GSP Airport Museum)
- Graphic Design USA 2021 American Graphic Design Award (GSP Website Redesign)
- Certificate of Achievement for Excellence in Financial Reporting for the District's Annual Comprehensive Financial Report (ACFR)

#### **B.** Terminal Landside Roadway Improvements Project Update

Mr. Kevin Howell, Senior Vice President/COO, provided an overview of the Terminal Landside Roadway Improvements Project. This Wingspan 2040 project is a FY2022 budgeted capital project and includes the planning, design and construction of various landside roadway improvements as outlined in the GSP Master Plan and identified as enabling work for the future terminal expansion program. Staff is working with District's planning consultant, McFarland Johnson, to refine the program scope and identify the work elements for this project.

Following this overview, Mr. Howell introduced Zach Nelson of McFarland Johnson to provide a presentation for feedback and group discussion.

The presentation included Inputs and Data Review, Traffic Volume Projections, Preferred Alternatives, a Traffic Simulation, Rough Order of Magnitude (ROM) Expansion Cost, and a Summary.

Following the presentation, conversation ensued between the Commission, Staff and Mr. Nelson about potential areas of concern with the proposed traffic routes, valet parking, rental car pickup/return and landscaping, along with suggested alternatives and solutions. Conversation also included the integration of autonomous transportation in the future.

Following the meeting, Staff will provide the Commission an updated map with enhanced graphics showing directional traffic and recommended signage.

In conclusion, the estimated timeline of the project, next steps and costs were discussed.

#### C. Corporate Aviation Hangar Construction Estimate Review

Mr. Kevin Howell, Senior Vice President/COO presented a review of the estimate for the corporate aviation hangar construction. As widely covered by the media and industry publications, construction costs and product lead times have been significantly impacted over the past two (2) years. Staff continues to work with the project design team, led my McMillan Pazdan Smith, and project construction manager, Myers & Chapman, on the Corporate Aviation Hangar Project. Staff is reviewing the latest cost estimates in preparation for design completion and bidding.

Mr. Howell explained that Staff is seeing a rise in costs that are 30% above the original estimate, due to the inflation in materials. The Commission understands and it is noted that Staff should continue to address revenues that will offset the inflated construction costs.

#### **OLD BUSINESS:** None

#### **NEW BUSINESS:**

#### A. Approval of Elevator and Escalator Maintenance Services Agreement

The District's current elevator and escalator service agreement began in 2014 and is set to expire August 2022. Staff recently negotiated a new agreement with Schindler Elevator Corporation for a ten (10) year agreement for elevator and escalator maintenance services, utilizing a national cooperative purchasing contract. The new agreement will be in effect from February 1, 2022 until January 31, 2032.

Multiyear vendor agreements require the approval from the Commission. The cooperative agreement is a competitively bid, nationally available contract that was awarded in 2020 to Schindler by Sourcewell. Other airports and municipalities around the country have utilized this cooperative purchasing agreement which meets the District's procurement policies. A summary of the fiscal impact was provided.

Mr. Howell noted that the District will retain the same Schindler service representatives, and it is only a new agreement under the Sourcewell cooperative. The Commission asked if there are alternative contractors that provide the same services, to which Mr. Howell answered that there are others, but that it behooves the District to retain service providers which specific knowledge of Schindler elevators and escalators. The Commission additionally requested for Staff to research any other potential opportunities under the Sourcewell cooperative, to which Mr. Howell agreed.

There was a motion to (1) approve a ten-year service agreement with Schindler Elevator Corporation using the Sourcewell cooperative purchasing agreement; and (2) authorize the President/CEO to execute all necessary documents. The motion was seconded, and unanimously approved.

### B. Approval of Economic Development Administration (EDA) Grant for the Air Cargo Apron Expansion Project – Phase II

As Staff has previously discussed with the Commission, due to the increasing cargo activity there is a need to expand the air cargo apron for Cerulean's operations. Staff first sought funding through the Airport Improvement Program (AIP) as well as through a Federal DOT INFRA grant, both of which were declined. In August 2021, Staff met with the Appalachian Council of Governments (ACOG) to discuss the possible funding opportunities for the Air Cargo Apron Expansion Project (Project). It was determined that the Project may qualify for EDA funding, so Staff with assistance from the ACOG applied for the EDA grant.

A letter was received last week from the EDA informing the Greenville-Spartanburg Airport District (District) that the District's EDA grant application has been selected for further consideration. The notification of further consideration is intended to inform the District of EDA's competitive preliminary selection of the Project for potential funding. EDA is requiring that several additional items be submitted before a final approval of EDA funding for the Project is granted. One such item is a Commission Resolution supporting the EDA application and grant.

Mr. Edwards provided the fiscal impact that would be associated with the balance of the project, following receipt of the grant.

Mr. Edwards provided the Resolution for approval by the Commission. There was a motion to (1) adopt the attached resolution and authorize the submission of an application and acceptance of the grant award by the Greenville-Spartanburg Airport District; and (2) authorize the President/CEO to execute all necessary documents. The motion was seconded, and unanimously approved.

#### PRESIDENT/CEO REPORT:

#### **Aviation Industry Update:**

Mr. Edwards discussed the impact that COVID-19 has had on airline carriers, including impacts on flights due to staff availability. Many carriers minimized the number of people on their staff to receive funding and, in turn, carriers are having a difficult time recovering. This airline staff includes not only flight attendants, but also mechanics, pilots, and others. There is also pressure from flight attendant unions to increase wages. As a result, the airlines need to address their wages to retain employees, which leads to a residual increase in airfare costs. Airlines are also trying to make up for lost business traffic. All in all, the District is doing well, although it will likely see impacts from air carriers in the way of reduced service offerings.

#### Federal and State Legislative Update:

Regarding the Federal Infrastructure Bill, of which the District expects to receive \$5.3M, there has been no update on when the funds will be received, although there are some indications that they may be received before the federal fiscal year starts in October.

The controversy over 5G service near airports has also been a topic of conversation. There has been less than ideal efficiency in trying to resolve these issues and approve certain aircraft types based on their altimeters. Each aircraft manufacturer must receive an Alternative Measures of Compliance (AMOC) approval. The District was one of the airports identified as being impacted by the rollout of 5G service.

Operationally, the District has not seen any impacts but the Notice to Airmen (NOTAM) is still in place. It would only affect the District in extreme situations where pilots cannot see the approach at 200 ft. It would also limit our ability to accommodate diversions from Charlotte and Atlanta. Staff will keep the Commission updated.

Mr. Edwards then provided a progress report on efforts to move forward a commercial service airport recovery package at the state level, using funds from the American Rescue Plan Act (ARPA). Through the South Carolina Aviation Association (SCAA), a lobbyist was hired that has helped with this request. Mr. Edwards continues this conversation with state legislators. The House Ways and Means sub-committee of the South Carolina House of Representatives which oversees the South Carolina Aeronautics Commission (SCAC) budget appears to be in support of the budget request of \$50M from the SCAC. If the request is approved by the House of Representatives, it will then go to the Senate. Local Chamber of Commerce and County Council representatives are working together in support of the package.

The Commission recommends having representatives of the Chambers of Commerce, South Carolina Port Authority and SC Department of Commerce attend and provide updates on their organizations and efforts at a future GSP Commission meeting.

#### **Coronavirus (COVID-19) Update:**

Mr. Edwards provided an update on the Occupational Safety & Health Administration (OSHA) Emergency Temporary Standard (ETS). Although the Supreme Court ruled that the ETS is not required, the District has prepared it's Directive for employees should it need to be implemented in the future. Currently, the District requires vaccination for all newly hired employees as well existing employees receiving a change in position. Additionally, the federal mask mandate is still

in effect. The Commission and Mr. Edwards discussed how COVID-19 has recently impacted the staff, as well as how the vaccination requirement has been received.

#### **COMMISSIONER'S REPORT:**

Commissioner Doug Smith shared an op-ed titled Infrastructure Bill Brings Sound Investments to South Carolina for Transportation Modernizations and Improvements and asked for Commission feedback, to which the Commission agreed.

#### **EXECUTIVE SESSION:**

There being no further business, a motion was made, seconded and carried into Executive Session at 11:14 a.m.

At approximately 12:15 p.m., public session resumed with no action being taken in Executive Session.

The Commission continued the public session with a discussion of the legal process and benefits of closing Stevens Road and a portion of Victor Avenue Extension on District property. Upon recommendation by third parties, the District has proposed to retain an attorney who has the expertise and experience necessary to represent the District in the road closure process. Commissioner Smith informed the Commission that the attorney that the District proposes to retain is a partner in the same law firm where Mr. Smith is also a partner. Mr. Smith provided a written statement to this effect to the Commission in a Conflict of Interest disclosure form. Mr. Smith also asked to be excused from any votes, deliberations and other actions by the Commission or the District with respect to the road closure matters and the retention of the attorney to assist the District with respect to such matters.

A motion was made for the District to take all necessary and appropriate action, in the order Staff best decides, to close Stevens Road and a portion of Victor Avenue Extension. The motion was seconded and passed, with Commissioner Smith abstaining.

#### **ADJOURNMENT:**

There being no further business, a motion was made, seconded and unanimous vote received to adjourn meeting. The meeting was adjourned at approximately 12:18 p.m.

#### **SIGNATURE OF PREPARER:**

Casey Cooperman

#### **RESOLUTION 01-2022**

#### **ECONOMIC DEVELOPMENT ADMINISTRATION GRANT**

**BE IT RESOLVED**, during a meeting of the Greenville Spartanburg Airport Commission (Commission), conducted at the offices of the Greenville-Spartanburg Airport District (District) in Spartanburg County, SC, on January 24, 2022, the Commission authorized the President/CEO of the District to (1) finalize the application submission for an Economic Development Administration (EDA) grant for the Air Cargo Apron Expansion Project — Phase II; and (2) accept the award of a grant from the EDA, if offered.

GREENVILLE-SPARTANBURG A	IRPORT COMMISSION
Minor Shaw, Chair	
ATTEST:	
David Edwards, Secretary	

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: March 21, 2022

#### **ITEM DESCRIPTION - PRESENTATION ITEM A**

Transportation Security Administration Update

#### **BACKGROUND**

The Federal Security Director (David McMahon) for the Transportation Security Administration (TSA) will provide a 2021 TSA review and a look at upcoming projects for 2022. Mr. McMahon is the FSD that oversees the operation at the Greenville-Spartanburg International Airport (GSP).

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: March 21, 2022

#### **ITEM DESCRIPTION - PRESENTATION ITEM B**

OneSpartanburg, Inc. Update

#### **BACKGROUND**

Allen Smith, President & CEO of OneSpartanburg, Inc. will provide a presentation on the economic development success happening in Spartanburg County and the Vision Plan and opportunities for future growth.

TO: Members of the Airport Commission

FROM: Kevin E. Howell, Senior Vice President/COO

DATE: March 21, 2022

#### **ITEM DESCRIPTION - New Business Item A**

Approval of a Budget Amendment for the Site 1 Corporate Hangar Project

#### **BACKGROUND**

The FY2022 capital budget included a \$5,800,000 budget for the construction of a new corporate hangar at Site 1 on the General Aviation Expansion Area. The original project scope included construction of 25,000 SF of hangar space with 5,000 SF of finished office space and parts storage area for a potential corporate aviation tenant. In January, the 60% construction estimate and a potential project budget of \$7,600,000 was discussed with the Commission based on expected construction costs increasing by approximately 30%.

#### **ISSUES**

Since the January 24 Commission meeting, design was completed, and construction manager Myers and Chapman (M&C) solicited subcontractor bids. M&C has submitted their guaranteed maximum price (GMP) based on subcontractor bids for a total of \$6,185,423. Therefore, Staff is presenting this request for a budget amendment.

The current project scope includes 25,000 SF of hangar space and 5,000 SF of office shell. With design phase costs of \$246,055; construction phase costs of \$6,330,198 including the construction GMP, construction administration (CA) services and quality assurance (QA) testing; and a contingency budget of \$580,000; Staff is requesting the Commission approve a revised project budget of \$7,200,000. Commission approval of a budget amendment is necessary to fully fund the project and move forward with construction.

Greenville-Spartanburg Airport Commission New Business Item A Approval of a Budget Amendment for the Site 1 Corporate Hangar Project Page 2

#### **ALTERNATIVES**

While not recommended at this time, the Commission may elect to suspend the project and not proceed with construction at this time. Based on the growth of general and corporate aviation business and the potential risk of even higher construction costs in the future, Staff's opinion is that the District should fully fund the project and advance with construction.

#### **FISCAL IMPACT**

The current Commission approved budget is \$5,800,000. The revised project budget of \$7,200,000 is an increase of \$1,400,000 or approximately 24%.

The current project scope includes 25,000 SF of hangar space and 5,000 SF of office shell space. The office space and parts storage area would be budgeted and constructed when a tenant is secured depending on the lease agreement terms.

#### RECOMMENDED ACTION

It is respectfully requested that the Airport Commission resolve to (1) approve a revised total project budget amount of \$7,200,000 for the Site 1 Corporate Hangar Project; and (2) authorize the President/CEO to execute all necessary documents.

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: March 21, 2022

#### ITEM DESCRIPTION – Information Section Item A

January 2022 - Traffic Report

#### **SUMMARY**

Passenger traffic continues to recover at a much better rate. For January 2022, passenger traffic was 71.0% of normal traffic levels. Preliminary passenger numbers for February 2022 are currently trending at an 90.1% recovery level as well. In January 2022 passenger traffic reflects a **92.6%** increase over the same month in 2021. Cargo numbers for January 2022 were up **25.1%** for the same period. Passenger load factors were up **16.8%** for the month, at an average of **58.3%**.

A comparison of the North America National Passenger Traffic Growth Averages for **2022** to GSP's Passenger Traffic Growth is depicted below:

	2022									
Month	GSP	National Average	Difference							
Jan	92.60%	Data Not Avai	ilable

#### ITEM DESCRIPTION - Information Section Item B

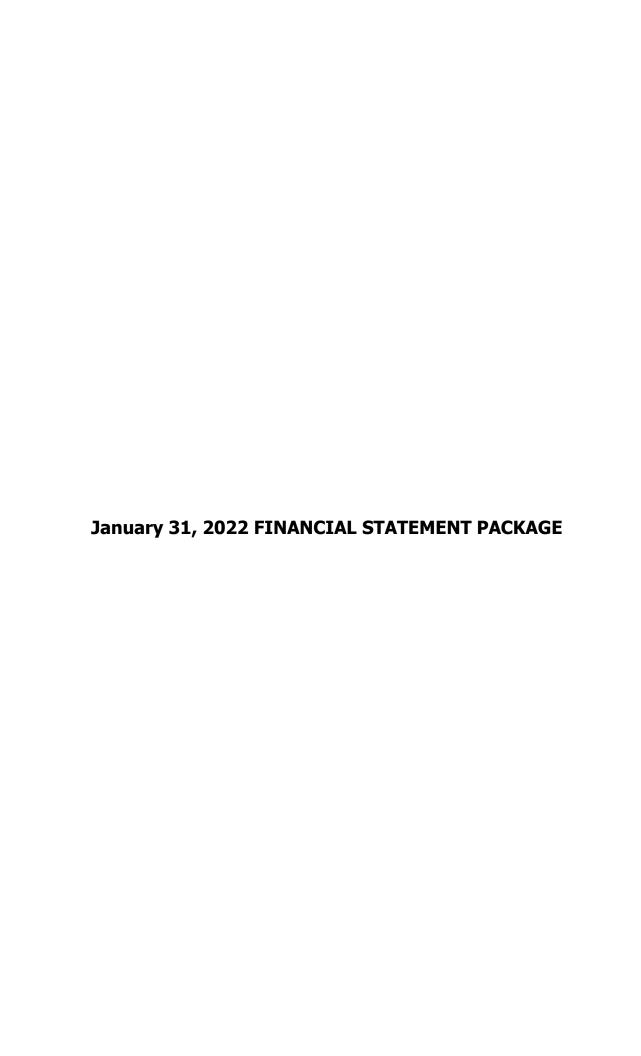

January 2022 – Monthly Financial Report

#### **SUMMARY**

Attached is a copy of the detailed financial report for January 2022.

Operating Income was up by **25.90%** when compared to the budget for Year-to-Date January 2022. Operating Expenses were down by **3.69%** when compared to the budgeted amount for the period. Net operating income was up by **143.31%** when compared to the budget through January 2022. For the period ending January 2022, which represents seven (7) months of the fiscal year, a total of about **\$12.03 million** has been returned to the bottom line in operating income.

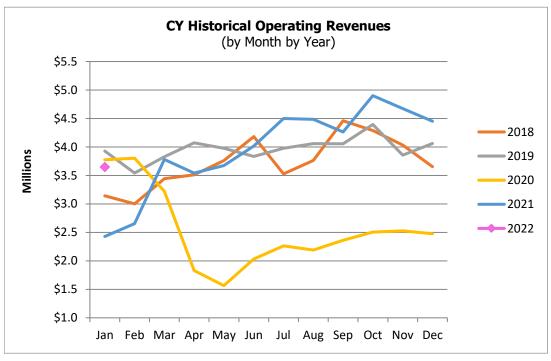

Please recognize that this is a preliminary report, unaudited, and only represents *seven months* of activity resulting in variances from budget which can be quite volatile.

DATE: March 21, 2022

#### ITEM DESCRIPTION – Information Section Item C

February 2022 – Development/Project Status Report

#### **SUMMARY**

#### **2102 GSP Drive Hangar Renovation Project:**

**Status** – Revising Renovation Scope **Project Budget** – \$1,675,000 **Estimated Completion Date** – TBD

This project includes the renovation of the hangar located at 2102 GSP Drive adjacent to the FBO Terminal. Planned renovation scope includes interior finishes, restroom improvements, exterior paint, door hardware and integration to the GSP campus access control and CCTV systems. The original project budget was reduced by \$2,000,000 at the November 23, 2020 Commission meeting. The start of this project was delayed until other projects could be finalized. Staff is working to define the project scope before engaging the IDIQ contractor pool to procure the project.

#### **Fuel Farm Expansion Project:**

**Status** – Construction Phase **Project Budget** - \$6,000,000 **Estimated Completion Date** – September 2022

The FY20 capital budget included the design phase for the next phase of the fuel farm expansion. An RFQ/RFP to select a Design-Build contractor was issued in February. Attaway Services was selected as the Design/Build Contractor. The Project is underway and is scheduled to be completed this summer.

Greenville-Spartanburg Airport Commission Information Section Item C February 2022 – Development/Project Status Report Page 2

### **General Aviation Hangar Site 1 Infrastructure Project:**

**Status** – Construction Phase **Project Budget** - \$2,900,000 **Estimated Completion Date** – Infrastructure in Summer '22; Apron Paving in Fall '22

The GA Hangar Site 1 Infrastructure Project includes certain infrastructure necessary for the development of a hangar development site. Work includes taxilane, apron, road, utilities, and other related site work. WK Dickson is the engineer of record for this project. The utility, roadway and retaining wall work for the project was competed amongst the IDIQ contractor pool and Mavin Construction was selected for this work. The apron paving portion of the hangar project will be bid with the cargo apron phase 2 work to improve overall pricing for both components.

# **Access Control/VMS Upgrade Project:**

**Status** – Construction Phase **Project Budget** - \$2,000,000 **Estimated Completion Date** – Summer 2022

The Access Control & VMS Upgrade Project includes replacement of the primary airport security and CCTV systems. A competitive RFQ and RFP process was held, and the project was awarded to A3. The project is underway and is scheduled to be complete in the summer of 2022.

# <u>Campus Signage Replacement Program - Phase I:</u>

**Status** – Construction Phase **Project Budget** - \$750,000 **Estimated Completion Date** – March 2022

This project includes the replacement of most of the campus signage and wayfinding. Mavin Construction is handling signage construction and installation. The completion schedule has been extended due to design revisions necessary to improve signage legibility.

Greenville-Spartanburg Airport Commission Information Section Item C February 2022 – Development/Project Status Report Page 3

# Cargo Building Expansion Project

**Status** – Construction Phase **Project Budget** - \$5,000,000 **Estimated Completion Date** – Summer 2022

This project includes a 50,000 SF expansion to the Center Cargo Building. Design/Build proposals were solicited from the IDIQ contractor pool. Harper Construction was selected for this project. Slab work is underway for the expansion.

#### **Campus Signage Replacement Program - Phase II:**

**Status** – Construction Phase (campus signage); Design & Procurement (entry signage) **Project Budget** - \$750,000 **Estimated Completion Date** – Summer 2022

This project includes the completion of the remaining campus signage and wayfinding. The project also includes the design and construction of an entry monument sign on Aviation Parkway based on the Signage Masterplan. McMillan Pazdan Smith will be assisting with final construction documents for the entry monument sign and Mavin Construction will be handling the construction work for the balance of campus signage and the entry sign. The Phase II work is scheduled to be completed in the summer of 2022.

### **Landside Roadway Improvements Project:**

**Status** – Design Phase **Project Budget** - \$4,000,000 **Estimated Completion Date** – Schedule TBD

This project includes the design and construction of the initial roadway improvements in the Terminal Complex per the Airport Masterplan and Terminal Planning Study. Staff is working with Kimley Horn to finalize a scope and fee agreement for design services.

#### **FBO Expansion Project:**

Status – Design Phase Project Budget – \$500,000 Estimated Completion Date – Design in Summer 2022; Construction in Fall 2023

Greenville-Spartanburg Airport Commission Information Section Item C February 2022 – Development/Project Status Report Page 4

The design phase is budgeted for FY22. Design work is in the early stages and is led by McMillan Pazdan Smith. An RFP/RFQ was conducted for a construction manager (CM). The construction manager will be brought on for pre-construction services including estimating, plan review, constructability review, etc. during design. Staff is finalizing an agreement with the selected CM. Construction will be budgeted in the FY23 capital budget.

The following projects have been put on indefinite hold due to COVID-19 and the financial impacts caused by the downturn in passenger traffic.

# Parking Garage C & CONRAC Facility:

**Status** – On Hold **Project Budget** – \$2,300,000 (Design Phase); \$75,000,000 (Construction Phase) **Estimated Completion Date** – TBD

This project includes the design and construction of a new combined public parking and rental car ready/return garage. The design was led by LS3P. Due to the COVID-19 impacts on the airport and the travel industry, this project is on hold until traffic and revenue return to an acceptable level.

#### **Facilities Department Building Expansion Project:**

Status – On Hold Project Budget – TBD Estimated Completion Date – TBD

The FY20 planning and programming task for this project is complete. The design phase has been put on hold due to COVID-19 impacts.

#### ITEM DESCRIPTION - Information Section Item E

February 2022 – Commercial Business and Marketing Report

#### **COMMERCIAL BUSINESS SUMMARY**

# **<u>Air Cargo Americas Conference:</u>**

**Status** – Booth is set up and we anticipate a great conference. **Business Development Budget** – \$20,000 **Completion Date** – March 10, 2022

Air Cargo Americas is a business development and exhibiting opportunity for the Airport District to showcase the airport's cargo handling capabilities and to serve as a gateway for freight forwarders along the east coast of the U.S. This year's conference is in Miami, FL and was scheduled to run from October 26-28, 2021. The conference was postponed due to the COVID-19 pandemic until March 8-10, 2022.

#### **MRO Americas Conference:**

**Status** – Booth location selected. **Business Development Budget** – \$15,000 **Completion Date** – April 29, 2022

MRO Americas is a business development and exhibiting opportunity for the Airport District to showcase our GSP360 land development program as well as target MRO development on the airport like PSA Airlines. This year's conference is in Dallas, TX and runs from April 26-28, 2022.

### **National Business Aviation Association (NBAA) Conference:**

**Status** – Staff has registered for the conference and is awaiting the lottery to select our booth location.

**Business Development Budget –** \$25,000 **Completion Date –** October 21, 2022

NBAA is a business development and exhibiting opportunity for the Airport District to showcase our GSP360 land development program as well as Cerulean Aviation. This year's conference is in Orlando, FL and runs from October 18-20, 2022.

# <u>Air Cargo Forum Miami & Transport Logistic Americas Conference:</u>

**Status** – Booth location selected. **Business Development Budget** – \$20,000 **Completion Date** – November 11, 2022

Air Cargo Forum is a business development and exhibiting opportunity for the Airport District to showcase the airport's cargo handling capabilities and to serve as a gateway for freight forwarders along the east coast of the U.S. This year's conference is in Miami, FL and runs from November 8-10, 2022.

#### Ready Credit – Cash-to-Card Kiosks:

**Status** – Concessions agreement under review by their legal counsel for their signature. **Project Budget** – All costs are being covered by Ready Credit. **Estimated Completion Date** – TBD

The Airport District has received requests from our airline partners to provide turn-key cash-to-card kiosks capable of accepting cash and dispensing an anonymous, instant issue Visa or MasterCard. These kiosks will permit the airlines to go cashless at all the ticket counters. In addition, in July 2020, the District transitioned to cashless operations in all its parking facilities due to the pandemic. Therefore, there is a need to provide these kiosks to assist the traveling public with making cashless payments for both airline and parking-related services at the airport.

### <u>Tract A – Residential Property Acquisition</u>

**Status** – Purchase sale agreement fully executed. Due diligence work underway. **Project Budget** – \$280,000 **Estimated Completion Date** – April 15, 2022

In October 2021, the property owner of a 1,746 square foot residential home situated on 1.21 acres and an adjacent lot with a 1,678 square foot garage located on 0.77 acres contacted the Airport District to gauge our interest in purchasing the property. This property is identified on the FAA approved airport master plan for land use acquisition.

#### **Palmetto Sites Program:**

**Status** – Staff is addressing comments from SC Department of Commerce's consultant. **Project Budget** – All Phase I costs are being covered by SC Department of Commerce. **Estimated Completion Date** – TBD

The SC Department of Commerce has an industrial site readiness program entitled the Palmetto Sites Program to designate property in the State of South Carolina that has been determined to be "checked for readiness" from a development perspective. This helps market the property by having it listed in a statewide database and providing developers with a sense of comfort in knowing that the initial site evaluation work has already been completed.

Phase II of the project requires a Phase I ESA, wetland delineation map, threatened and endangered species survey, archaeological and historical investigation, Geotech assessment, etc. of each of the nine tracts. There is a grant program available to help cover some of these costs once we reach that point.

#### **SB Acquisitions – Tract A Development Site:**

**Status** – Construction phase underway. **Project Budget** – All development costs are being covered by SB Acquisitions. **Estimated Completion Date** – June 30, 2022

On November 25, 2019, the Airport District approved an initial 20-year lease with two five-year option periods for approximately 43 acres of land on Tract A. The lease agreement was fully executed by both parties on January 25, 2020. Once completed, the site will be for light manufacturing and assembly for after-market vehicles modifications as well as vehicle parking.

### **Land Development Design Standards Manual Project:**

**Status** – Currently in the process of scheduling a project kick off meeting. **Project Budget** – \$50,000 **Estimated Completion Date** – TBD

The Airport District has 2,500 acres of land within the GSP360 Beyond the Runway land development program. The design standards manual will provide a guide for developers to use as they plan and develop construction documents for future development sites on Airport District property. In addition, it will address tenant improvement projects once facilities are completed.

#### <u>CLEAR – TSA Security Checkpoint Project:</u>

**Status** – Currently in the process of completing construction documents and finalizing a lease agreement.

**Project Budget** – All costs are being covered by CLEAR. **Estimated Completion Date** – April 30, 2022

To accommodate business travelers and ensure that GSP is the airport of choice for the region, the Airport District has been talking to CLEAR for the last couple of years. They provide a touchless travel experience by using a passenger's eyes to confirm their identity and then scan their boarding pass. This allows a CLEAR registered traveler to be at the front of the line for both the standard and TSA PreCheck queuing lines to begin the passenger screening process. CLEAR is already in 21 of the top 25 airports that GSP passengers fly to and from each day. Thus, this will help ensure a seamless travel experience on both ends of their trip.

# **ReachTV Streaming Project:**

**Status** – Currently in the process of configuring the existing equipment for streaming services.

**Project Budget** – All costs are being covered by ReachTV. **Estimated Completion Date** – April 30, 2022

ReachTV presently provides news, entertainment, sports, and weather on six monitors located on Concourse A and B. The Airport District and ReachTV have agreed to extend that service to streaming, so that the traveling public can watch the same content on their mobile devices. In addition, we'll be adding a streaming channel for kids to help entertain our younger travelers while waiting for their flights.

### **Stevens Road Closure Project:**

**Status** – Survey of road right-of-way boundaries completed. **Project Budget** – \$10,000 **Estimated Completion Date** – September 30, 2022

To properly plan for future development in accordance with the Airport District's FAA approved master plan, Stevens Road will need to be closed to transitory traffic. This is the first step in that process, to ensure that the Airport District has clear ownership of the roadway itself as well as the associated right-of-way, as there are not clear ownership records on file.

# Palmetto Distillery Replacement Concept Project:

**Status** – Hudson is currently evaluating replacement concept options. **Project Budget** – All costs are being covered by Hudson. **Estimated Completion Date** – TBD

Hudson has a sublease agreement with Palmetto Distillery for their store location in the Grand Hall of the terminal building. Palmetto Distillery has indicated that they intend to terminate their agreement early with Hudson. Hudson has an agreement with the Airport District to provide a specialty retail store at this location through October 2026.

#### T-Mobile Signal Strength & Data Transfer Speed Enhancement Project:

**Status** – Meeting scheduled with T-Mobile to discuss a solution that they designed for the terminal building to increase their signal strength for our mutual customers.

**Project Budget** – All costs are being covered by T-Mobile.

**Estimated Completion Date - TBD** 

T-Mobile has received customer service complaints regarding their signal strength for their wireless customers while at the airport. They are presently evaluating the current signal strength. Subsequently they will evaluate options to determine the best corrective action to boost that signal strength and data transfer speeds around the airport campus.

### <u>Delta Air Lines – Gate Information Display System (GIDS) Project:</u>

**Status** – Delta is presently doing a test of their software integration with the Amadeus software at MIA. If successful, this will be rolled out next at GSP.

**Project Budget** – All costs are being covered by Delta Air Lines.

**Estimated Completion Date** – TBD

In order to enhance the overall passenger experience, the Airport District has been encouraging Delta Air Lines to provide their proprietary GIDS to our mutual customers at GSP. This will provide detailed flight information, standby and cleared list passenger information, etc. in the same format that the Delta passengers are accustomed to seeing at other airports and will replace the current default GIDS that only provides basic flight information.

# <u>Southwest Airlines – Gate Information Display System (GIDS) Project:</u>

**Status** – Project is moving forward again with software integration testing ongoing. **Project Budget** – All costs are being covered by Southwest Airlines. **Estimated Completion Date** – TBD

In order to enhance the overall passenger experience, the Airport District has been encouraging Southwest Airlines to provide their proprietary GIDS to our mutual customers at GSP. This will provide detailed flight information, standby and cleared list passenger information, etc. in the same format that the Southwest passengers are accustomed to seeing at other airports and will replace the current default GIDS that only provides basic flight information.

#### MARKETING SUMMARY

# <u>TSA PreCheck – Onsite Enrollment Event:</u>

**Status** – Currently underway. **Business Development Budget** – Costs covered by DHS/TSA and IndentoGO. **Completion Date** – March 17, 2022

TSA is having their partner IndentoGO host an onsite TSA PreCheck enrollment event at GSP. Area travelers can complete the enrollment process by either scheduling an appointment in advance or walking up to the mobile enrollment center. The dates of the onsite event are March 7-17, 2022.

#### **Jumpstart – Air Service Development Conference:**

**Status** – Staff is currently in the process of requesting airline meetings. **Business Development Budget** – \$5,000 **Completion Date** – June 16, 2022

Jumpstart is an opportunity for the Airport District to meet with both existing and prospective airlines to discuss airline route retention and future development. This year's conference is in Reno and runs from June 13-15, 2022.

#### Routes Americas – Air Service Development Conference:

**Status** – Staff met with 13 different airlines and had several very productive meetings. **Business Development Budget** – \$5,000 **Completion Date** – February 18, 2022

Routes Americas is an opportunity for the Airport District to meet with both existing and prospective airlines to discuss airline route retention and future development. This year's conference was in San Antonio and ran from February 15-17, 2022.

# **Contour Airlines – Nonstop BNA Marketing Campaign:**

**Status** – Marketing campaign successfully completed. **Project Budget** – \$100,000 **Completion Date** – February 28, 2022

In August 2021, Contour Airlines announced new nonstop service to Nashville (BNA). This service provides travelers with nonstop service to BNA. This marketing campaign will help educate the traveling public that the new nonstop flight is available on Contour.

#### **Airport History Book Project:**

**Status** – Research and interviews underway. **Project Budget** – \$40,000 **Completion Date** – July 31, 2022

The Airport District is under contract with Slant Media to author a new history book to capture events from 2009 to present. The book will complement the previously completed history book.

### <u>Time to Fly – Reserved Parking Marketing Campaign:</u>

**Status** – Waiting for the parking access revenue control system project to be completed. **Project Budget** – TBD **Estimated Completion Date** – TBD

The Airport District plans to introduce a new reserved parking program to the traveling public. This marketing campaign will help educate travelers on the benefits of using reserved parking at GSP, how to sign up, and provide them with an incentive to do so. In addition, this will provide the District with their contact information, so that we can market new airline service and airport amenities, future parking offers, etc. to them.

### **Bon Secours Wellness Arena Rebranding:**

**Status** – Installation work tentatively scheduled for the last week of March 2022. **Project Budget** – \$15,000 **Estimated Completion Date** – April 30, 2022

The Airport District has an advertising/marketing agreement with the Bon Secours Wellness Arena. As a part of that agreement, we have the branding rights to the ticket office. The current branding is over four years old and in need of a refresh.

#### **Children's Play Area Alcove Project:**

**Status** – Currently in design by Plus-Plus USA. **Project Budget** – All installation costs will be covered by Plus-Plus USA **Estimated Completion Date** – TBD

During the terminal building renovation project, two alcoves were developed in the Grand Hall. Based on past direction from the Airport Commission, one will be for a children's play area and another will be for an airport history alcove. The children's play area alcove will be located on the Concourse A side of the Grand Hall.
