

# GSP COMMISSION MEETING September 12, 2022

#### **AGENDA**

Greenville-Spartanburg Airport Commission Regular Meeting Greenville-Spartanburg International Airport Commission Boardroom Monday, September 12, 2022 9:00 a.m.

#### \*NOTE TO ALL PUBLIC ATTENDEES:

The public may speak on any item on the agenda. There are request cards located outside the public seating area. These cards must be completed and presented to the Recording Secretary prior to the item being heard. Your comments will be addressed prior to the Airport Commission's discussion, and you will have 5 minutes to address the Airport Commission. Thank you for your attention.

- I. CALL TO ORDER:
- II. CONSENT AGENDA:
  - A. Approval of the Greenville-Spartanburg Airport Commission July 11, 2022 Regular Meeting Minutes (document)
  - B. Approval of the Greenville-Spartanburg Airport Commission Meeting Dates and Times for Calendar Year 2023 (document)
- III. PRESENTATIONS:
  - A. Greenville Chamber of Commerce Presentation (document)
  - B. Multi-Factor Authentication (document)
- III. OLD BUSINESS: None
- IV. NEW BUSINESS:
  - A. Approval of a Budget Amendment for the Purchase and Installation of Additional Common-Use Ticket Counter and Self-Service Kiosk Equipment (document)

GREENVILLE-SPARTANBURG AIRPORT COMMISSION AGENDA Monday, September 12, 2022 Page 2

#### VI. PRESIDENT/CEO REPORT:

- A. Introduction to Kelly Dawsey, VP/Chief Human Resources Officer
- B. Aviation Industry Update
- C. Federal and State Legislative Update
- D. Financial Dashboard Update

#### VII. INFORMATION SECTION:

(Staff presentations will not be made on these items. Staff will be available to address any questions the Commission may have.)

- A. July 2022 Traffic Report (document)
- B. July 2022 Financial Report (document)
- C. August 2022 Development/Project Status Report (document)
- D. August 2022 Communications Status Report & Marketing Event Summary (document)
- E. August 2022 Commercial Business Report (<u>document</u>)
- F. August 2022 OSHA Reportable Injury Report (document)

#### VIII. COMMISSION MEMBER REPORTS

#### IX. EXECUTIVE SESSION:

The Airport Commission may hold an Executive Session for the purpose of receiving legal advice on various matters.

#### X. ADJOURNMENT

This agenda of the Greenville-Spartanburg Airport Commission is provided as a matter of convenience to the public. It is not the official agenda. Although every effort is made to provide complete and accurate information to this agenda, The Airport Commission does not warrant or guarantee its accuracy or completeness for any purpose. The agenda is subject to change before or at the Airport Commission meeting.

# GREENVILLE-SPARTANBURG AIRPORT COMMISSION MINUTES

#### July 11, 2022

The Greenville-Spartanburg Airport Commission met on July 11, 2022 at 9:00 a.m. in the Greenville-Spartanburg District Office Board Room located at 500 Aviation Parkway Greer, South Carolina 29651. The public and media were given proper notice of this meeting, under applicable law. This was a regular, non-emergency meeting.

**MEMBERS PRESENT:** Minor Shaw, Hank Ramella (via teleconference), Leland Burch, Valerie Miller, Jay Beeson (via teleconference), Doug Smith

**MEMBERS NOT PRESENT:** None

STAFF AND LEGAL COUNSEL PRESENT: David Edwards, President/CEO; Kevin Howell, Senior Vice President/COO; Betty O. Temple, WBD; Tom Tyra, Director, Communications & Air Service Development; Michelle Newman, Communications Manager; Jeff Clifton, Director of Design & Construction; Bobby Welborn, GSP Chief of Police; Sarah Ryan, Operations Supervisor; Kristen Cunningham, Operations Intern; Casey Cooperman, Executive Assistant/Recording Secretary

**GUESTS PRESENT:** Lee Dryden, Turner Construction; Justin Gobbel, Kimley-Horn; David Sparkes, Kimley-Horn; Kiel Clasing, Oceaneering; Mike Schutt, Plenary Americas; Jonathan Chasteen, HDR

**CALL TO ORDER:** Chair Minor Shaw called the meeting to order at 9:06 a.m.

**CONSENT AGENDA**: A motion was made, seconded, and unanimous vote received to approve the Consent Agenda as follows:

A. The Greenville-Spartanburg Airport Commission May 9, 2022 Regular Meeting Minutes.

**OLD BUSINESS:** None

#### **PRESENTATIONS:**

#### A. Annual Strategic Business Plan Update

Chair Shaw welcomed Dr. Steve Van Beek of Steer Group. Dr. Van Beek opened with a presentation which covered an Industry Update and Strategic Plan Update as it directly relates to the District. He provided an analysis of airport-centric strengths, weaknesses, opportunities, and threats for 2022 and noted that the strategic imperative moving forward is to balance recovery from COVID-19 and the willingness to take risks.

Dr. Van Beek continued by providing a national picture of recovery from the COVID-19 pandemic. As opposed to the time leading up the pandemic when large hub airports were growing faster, following the pandemic small hub airports have been leading the way to recovery. Dr. Van Beek also provided a glimpse into the other categories that lead the

way in recovery, primarily Latin American destinations, U.S. airlines, and ultra-low-cost carriers.

Dr. Van Beek then gave a look into Greenville-Spartanburg International Airport's (GSP) recovery as compared to others. GSP is near the middle of its its national benchmarks, now at 83% seat recovery, however leisure-oriented regional benchmark airports have recovered faster with greater seat capacity. When looking at the load factor (actual passengers flown), GSP is at 86% recovery which implies that GSP's passenger recovery is outpacing seat recovery. At GSP, Southwest is the only airline that has made a full recovery. Dr. Van Beek noted that the key takeaway is that airlines have continued to become more efficient offering more seat capacity per air traffic movement even during the COVID-19 pandemic which can strain airport landside capacity, but the goal is to provide outstanding customer service despite more congestion during specific times.

Looking to the future, Dr. Van Beek shared that there are several opportunities to consider. These include new airlines emerging and Electric Vertical Take-Off and Landing (EVTOL) aircraft used for short haul flights.

Dr. Van Beek then discussed the upcoming FAA Reauthorization, which will help to better align the FAA's regulatory approach to airports with the emerging trend for airports to have a more active approach to their organizational direction. This will allow airports to act as a strong proprietor, a service provider, with risk tolerance, and treat airlines more like partners instead of customers.

Dr. Van Beek answered questions from the Commission regarding the success of such airlines as Contour and Silver. He, as well, addressed the future regarding airlines' efforts to recruit pilots, and Mr. Edwards added that airlines are employing individual initiatives to combat the pilot shortage and that it will likely be several years before we see a full pilot recovery.

Next, Dr. Van Beek provided his presentation on GSP's Performance Plan with a reminder and update on strategic goals (Safety, Service, Finance, Regional Leadership & Opportunity, and Cerulean), performance measures and results over the past year, as well as the strategic goals and performance measures that GSP has set in place for Fiscal Year 2022-2023.

Dr. Van Beek reviewed both the 2021-2022 and 2022-2023 financial targets, cash balance, airline revenues and cost per enplanement (CPE).

Dr. Van Beek wrapped up the presentation by stating that with GSP's strategic business plan, performance has been strong. He then answered questions about financial performance as it relates to the District taking over concession management with Metz. He and Mr. Edwards addressed both the challenges and opportunities for improvement in this type of management agreement. At this time the presentation concluded.

#### **B.** Communications and Marketing Update

Tom Tyra, Director of Communications and Air Service Development, provided a presentation which gave an overview of the Communications & Air Service Development department, including the organizational structure of the department, and their roles as it pertains to internal and external Communications, Customer Service, Marketing, Air

Service Development and Graphic Design. He provided a breakdown of each of these areas with examples of the projects for which each is responsible.

Mr. Tyra then went on to share the department's initiatives for FY2023. These includes air service development targets of underserved and unserved markets, partnerships to encourage tourism and convention organizations in Spartanburg and Greenville counties, air cargo marketing, expanding the use of new research tools to drive advertising and air service tactics, creating a better airport experience, telling the stories that set GSP apart through social media and news coverage, the GSP Ambassador Program, a new virtual art tour, live music performances at GSP, college spring and winter break promotions, and a WNC summer camp coordination program.

#### C. Terminal Landside Roadway Improvements Program Update

Jeff Clifton, Director of Design & Construction, provided an update on the progress made on the Terminal Landside Roadway Improvements Program (TLRIP). This included a background of the program which started in 2020 with a commercial terminal area expansion study. In January 2022 the TLRIP started its programming phase. The District brought on Kimley-Horn as the engineer for the project and Turner Construction as the construction manager. Mr. Clifton noted that this is a multi-phase project that will impact vehicular and pedestrian traffic.

From there Mr. Clifton went on to describe the current site conditions by illustration marked with existing roadways, sidewalks, vehicular traffic flow and pedestrian traffic flow along with parking locations for Operations/Badging, Administration, Employees and Passengers.

He then provided an overview of the project which will aim to enhance roadways and the terminal curbfront by reconstructing and extending the existing terminal curbfront to the north. As well, the project includes an intersection reconfiguration of GSP Drive and Terminal Parkway and GSP Drive improvements which include the addition of two roundabouts and updated street lighting. Another focus of the project will be improved pedestrian safety and vehicular and pedestrian signage.

Mr. Clifton shared that the priorities of the construction's phasing are customer safety, customer experience, quality of the finished product, public/construction interface, to avoid utility disruptions and to best use construction resources.

The key areas of focus for the program are the safe movement of passenger vehicles and pedestrians, valet movement, emergency vehicle access, construction traffic and quality/schedule/cost.

Mr. Clifton broke down each Phase of the project with illustrations and descriptions of what is to be accomplished in each phase and the expected duration of each phase. The project timeline was broken down accordingly. The Design will be completed in September 2022, construction will start in January of 2023 and is to be completed by February 2025.

#### D. Public Parking Update

Kevin Howell, Senior Vice President/COO, provided a presentation on public parking at GSP in order to provide information and respond to the Commission's request to overview parking trends, specific to garage parking. Additionally, this information will also provide for additional discussion on when to start the design and construction of Parking Garage C.

Mr. Howell spoke to the change in parking trends and a shift in the parking demographic, noting that parking data points to longer trip durations, more passengers per car and more customers choosing premium parking over economy parking. He also recognized that the change of new roadway/entrance signage to economy parking may also be impacting the number of passengers who choose premium parking in garages over economy lot parking.

He gave a comparison of May 2022 parking trends as compared to May 2019, which show that there were 10,000 less transactions in May 2022 however when comparing parking revenue, he notes that it was approximately \$50,000 higher than May 2019.

Mr. Howell also spoke to the increase in weekend garage parking in 2022 over 2019, while garage occupancy on weekdays has still not caught up to 2019.

Following the breakdown of current garage occupancy levels, Mr. Howell provided a look at the Terminal Complex with development plans from the 2019 Master Plan as well as the Terminal Area Planning Study in 2021. The illustration included the ultimate roadway network at completion, showing Garage C and other improvements.

Mr. Howell shared information from the original parking and rental car study completed in 2019, which forecasted nearly 800,000 in rental car transaction days for 2020. Construction Manager selection for this project was suspended in 2020 due to COVID-19 and FY2022 transaction days are tracking at approximately 550,000 which is a decrease of 30%. As 65% of the Garage C construction project was due to be financed by the Customer Facility Charge (CFC) of \$6.00 per rental car user, the decrease in transaction days equates to a loss of \$1.5 million in annual revenue. Therefore, the District will need to consider alternatives such as a new rental car agreement, financial review, and possibly a new funding strategy. The total timeline for constructing Parking Garage C is approximately 36 months. The timing of the project greatly depends on rental car trends, CFC collections, and the rental car agreement. All of these items are currently being discussed.

Conversation ensued about parking occupancy levels in the economy lots and ways to drive parking traffic to the economy lots during times when garage occupancy is reaching its maximum. Additional conversation ensued about possible revisions to the CFC agreement with rental car companies. The Commission and Staff agreed to make a decision regarding the start of the Parking Garage C project by the end of 2022.

#### **NEW BUSINESS**:

## A. Approval of a Project Development Agreement with Plenary Americas US Holdings, Inc. for an Automated Transit Network System

David Edwards, President/CEO, presented a request for approval of a Project Development Agreement with Plenary Americas US Holdings, Inc. for an Automated Transit Network System.

Mr. Edwards provided the background of the project, stating that in May 2016, Staff requested authorization for the Commission to finalize a Project Development Agreement (Agreement) with Plenary Americas US Holdings Inc. (Plenary) for an Automated Transit Network System (ATN) at the Greenville-Spartanburg International Airport (GSP) and the Commission approved the request. At the same meeting, the Commission approved the budget for FY2022/2023 which included \$3.1 million in funding for this phase of the ATN project.

Staff has worked with Plenary to finalize the Agreement. Legal counsel has reviewed the documents and recommended changes, which have been incorporated into the Agreement.

Mr. Edwards stated that the Staff committed to the Commission that the final Agreement would be brought back to the Commission for review and approval. Mr. Edwards provided the Commission with the current version of the final Agreement along with the Groundside Transportation Modernization Project Proposal from Plenary. There may be some minor edits to finalize the Agreement, but there will be no substantive changes.

The Agreement will take the project up to the initiation of construction of the project. The construction phase will be brought back to the Commission for review and approval following the Agreement phase.

Alternatively, the Commission may choose not to move forward with the ATN project at this time. The fiscal impact for this phase of the work is \$3.1 million.

Conversation ensued about the options, opportunities, challenges, and alternatives the District will have regarding the structure, funding and infrastructure for this project.

The Commission and Staff agreed that they would discuss the matter further in Executive Session before taking a vote.

## B. Approval of Minimum Standards Amendment for Commercial Air Carrier Line Service Maintenance

David Edwards, President/CEO, requested approval of an amendment to the Minimum Standards for Commercial Air Carrier Line Service Maintenance.

Mr. Edwards provided background on the request, stating that The Greenville-Spartanburg Airport District (District) is required by the Federal Aviation Administration (FAA) to establish Minimum Standards for aeronautical services to be provided at the Greenville-Spartanburg International Airport (GSP). The District has a current Minimum Standard for Commercial Air Carrier Line Services Maintenance, which was provided to the Commission.

Based on recent requests by companies desiring to provide Commercial Air Carrier Line Services Maintenance for several cargo air carriers operating at GSP, Staff is recommending that the current Minimum Standards for Commercial Air Carrier Line Services Maintenance be amended to provide greater access for such providers.

Mr. Edwards provided copies to the Commission of the proposed amended Minimum Standards for Commercial Air Carrier Line Services Maintenance at GSP for review.

At this time, no alternatives are being recommended and there is no fiscal impact.

There was a motion by Chair Shaw to adopt the amended Greenville-Spartanburg Airport District Minimum Standards for Commercial Air Carrier Line Services Maintenance at the Greenville-Spartanburg International Airport as presented. The motion was seconded by Commissioner Burch and unanimously approved.

#### PRESIDENT/CEO REPORT:

#### **Aviation Industry Update:**

Mr. Edwards deferred to Dr. Van Beek's presentation as it provided a detailed update on the aviation industry.

#### Federal and State Legislative Update:

Mr. Edwards stated that Dr. Van Beek's presentation also provided a very good update on the Federal and State Legislative topics, especially regarding the FAA Reauthorization. Mr. Edwards did state that the District received disappointing news that it will not receive any money from the Bipartisan Infrastructure Law (BIL) for the two applications put in for the Airport Terminal Grant Program, one for the design and construction of the terminal expansion and the other for the Terminal Landside Roadway Improvements project. The District was not selected for either of these projects. No airport in South Carolina received funding. Only one airport in North Carolina and one in Georgia were selected for funding. Mr. Edwards stated that he has questions for the FAA regarding the selection results.

#### **Financial Update:**

Mr. Edwards provided a brief District financial report to the Commission, including YTD Operating Revenues, Operating Expenses, Gross Margin, Cost Per Enplanement, Airline Revenues, Investment Balance, Fund Balance and Debt Balance.

Mr. Edwards stated that Staff needs to address an error showing in Cost Per Enplanement. Additionally, at the next Commission meeting Staff will present the financial update with Fiscal Year 2021-2022 results.

**COMMISSIONER'S REPORT:** None

#### **EXECUTIVE SESSION:**

The Commission Chair requested that the Commission go into Executive Session for the purpose of discussing contracts, personnel matters, and certain special economic development projects. The motion was made, seconded, and approved to go into Executive Session at 1:06 p.m.

At approximately 2:07 p.m., public session resumed with no action taken in Executive Session. Commissioner Beeson made a motion (1) approve the Project Development Agreement with the Plenary Americas US Holdings Inc. for the development of an ATN system at GSP substantially in the form submitted to the Commission and (2) authorize the President/CEO to finalize and execute all necessary documents in connection with the Project Development Agreement. Commissioner Smith seconded the motion, and unanimous approval was received.

#### **ADJOURNMENT:**

There being no further business, a motion was made by Commissioner Beeson, seconded by Commissioner Burch and unanimous vote received to adjourn meeting. The meeting was adjourned at approximately 2:09 p.m. The next meeting regular, non-emergency Commission meeting is scheduled for Monday, September 12 at 9:00 a.m.

#### **SIGNATURE OF PREPARER:**

Casey Cooperman

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: September 12, 2022

#### ITEM DESCRIPTION - Consent Agenda Item B

Approval of the Greenville-Spartanburg Airport Commission Meeting Dates and Times for Calendar Year 2023

#### **BACKGROUND**

During Calendar Year 2022, the Airport Commission scheduled regular Commission meetings every other month. The meetings for 2022 was/are as follows:

- Monday, January 24
- Monday, March 21
- Tuesday, May 9
- Monday, July 11
- Monday, September 12
- Tuesday, November 14

#### **ISSUES**

Staff attempted to schedule the regular Airport Commission meetings the 2<sup>nd</sup> Monday of every other month at 9:00 a.m. for Calendar Year 2023. Due to schedule conflicts, Staff was unable to schedule all of the meetings on the 2<sup>nd</sup> Monday of the month.

Staff recommends scheduling the 2023 Commission meetings on the following dates:

- Monday, January 23
- Monday, March 27
- Monday, May 15
- Monday, July 10
- Monday, September 11
- Monday, November 13

The GSP Commission Meetings are scheduled to begin at 9:00 a.m.

Greenville-Spartanburg Airport Commission Consent Agenda Item B Approval of the Greenville-Spartanburg Airport Commission Meeting Dates and Times for Calendar Year 2023 Page 2

#### **ALTERNATIVES**

None

#### **FISCAL IMPACT**

None

#### **RECOMMENDED ACTION**

It is respectfully requested that the Airport Commission approve the Greenville-Spartanburg Airport Commission Meeting Dates and Times for Calendar Year 2023 as presented.

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: September 12, 2022

#### ITEM DESCRIPTION - PRESENTATION ITEM A

Greenville Chamber of Commerce Presentation

#### **BACKGROUND**

Carlos Phillips, President & CEO of the Greenville Chamber of Commerce, will provide a presentation on the current and future program initiatives of the Chamber and how these programs will help move Greenville and the Upstate forward in a positive way.

TO: Members of the Airport Commission

FROM: Zach Salvato, Director of IT

DATE: September 12, 2022

#### ITEM DESCRIPTION - Presentation Item B

**Multi-Factor Authentication** 

#### **BACKGROUND**

On August 29, 2022, the Greenville-Spartanburg Airport District (District) rolled out a new security feature, Multi-Factor Authentication (MFA), to add more security to our user accounts. This extra verification step is to ensure that the person logging in is who they say they are. The District also implemented five conditional access policies to manage the use of MFA and to which roles it applies to outside the District network.

#### CONDITIONAL ACCESS POLICIES

- Block outside US access to organizational data. (Exclusion group can be utilized for known travel events)
- Block legacy authentication (basic authentication)
- Allow approved roles access to services outside District network, block all others.
- Require MFA for roles access to services outside District.
- Require MFA on all service administrator accounts.

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: September 12, 2022

#### ITEM DESCRIPTION - New Business Item A

Approval of a Budget Amendment for the Purchase and Installation of Additional Common-Use Ticket Counter and Self-Service Kiosk Equipment

#### **BACKGROUND**

The Greenville-Spartanburg Airport District (District) installed common-use passenger processing equipment at all gates and certain airline ticket counter locations during the Wingspan Project. This equipment enables the District to have flexibility in the use of its available gates and ticket counters and provides an overall improved level of service to the airlines.

#### **ISSUES**

The District did not install common-use equipment at all ticket counter locations during the Wingspan project. Delta is now interested in coming on to the common-use system and Staff is working with United to do the same. This requires the purchase of additional common-use equipment. In addition, Staff plans to install four (4) common-use kiosks (a total of eight (8)) at two locations under the Flight Information Display monitors in the ticket lobby area. This will enable customers to check in away from the ticket counters which will help facilitate overall passenger processing.

#### **ALTERNATIVES**

No alternatives are recommended at this time.

Greenville-Spartanburg Airport Commission
New Business Item A
Approval of a Budget Amendment for the Purchase and Installation of Additional CommonUse Ticket Counter and Self-Service Kiosk Equipment
Page 2

#### **FISCAL IMPACT**

The project is estimated to cost \$750,000. Staff is requesting a budget amendment for this project in the amount of \$750,000 from the District's existing fund balance. The District will recoup this investment through airline rates and charges.

#### **RECOMMENDED ACTION**

It is respectfully requested that the Airport Commission resolve to approve a budget amendment in the amount of \$750,000 for the purchase and installation of additional common-use ticket counter and self-service kiosk equipment.

TO: Members of the Airport Commission

FROM: David Edwards, President/CEO

DATE: September 12, 2022

#### ITEM DESCRIPTION - Information Section Item A

July 2022 - Traffic Report

#### **SUMMARY**

For July 2022, passenger traffic was 81.9% of 2019 traffic levels. Preliminary passenger numbers for August 2022 are currently trending at a 81.5% recovery level. In July 2022 passenger traffic reflects a **2.9%** increase over the same month in 2021. Cargo numbers for July 2022 were down **16.9%** for the same period. Passenger load factors were up **7.1%** for the month, at an average of **87.3%**.

A comparison of the North America National Passenger Traffic Growth Averages for **2022** to GSP's Passenger Traffic Growth is depicted below:

		2022	
<u>Month</u>	GSP	National Average	Difference
	02.600/	02.400/	0.500/
Jan	92.60%	93.10%	-0.50%
Feb	117.70%	123.00%	-5.30%
Mar	83.00%	76.39%	6.61%
April	48.60%	58.30%	-9.70%
May	31.10%	38.40%	-7.30%
June	14.00%	Data Not Ava	ilable
July	2.90%	Data Not Ava	ilable
August			
September			
October			
November			
December			
Average	55.70%	77.84%	-22.14%

Attached are copies of the detailed traffic report for July 2022.

Providing a look forward into the service levels for **October 2022** is a schedule comparison for the month vs the same month last year, including flights and seats by airline and non-stop markets served. Currently in the schedules, GSP flights are down at 13.5%, and seats are down at 8.6%.

#### ITEM DESCRIPTION - Information Section Item B

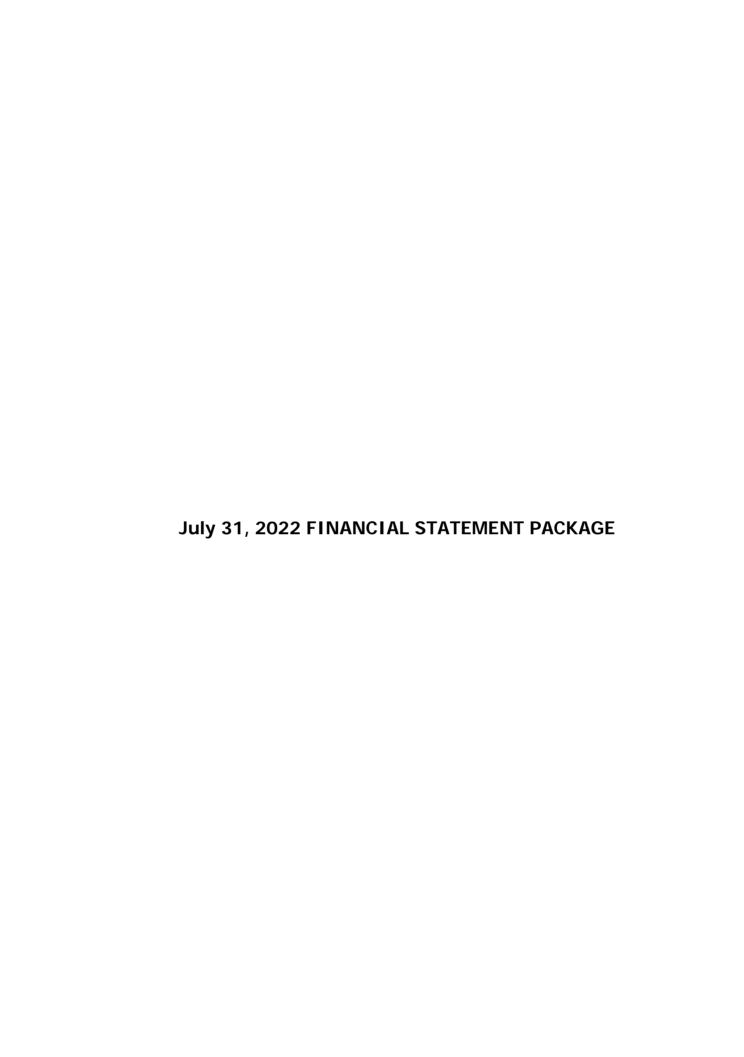

July 2022 – Monthly Financial Report

#### **SUMMARY**

Attached is a copy of the detailed financial report for July 2022.

Operating Income was down by **10.21%** when compared to the budget for Year-to-Date July 2022. Operating Expenses were down by **15.07%** when compared to the budgeted amount for the period. Net operating income was up by **5.03%** when compared to the budget through July 2022. For the period ending July 2022, which represents one (1) month of the fiscal year, a total of about **\$1.22 million** has been returned to the bottom line in operating income.

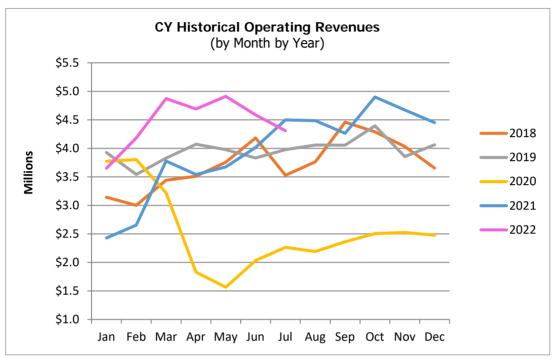

Please recognize that this is a preliminary report, unaudited, and only represents *one month* of activity resulting in variances from budget which can be quite volatile.

#### ITEM DESCRIPTION – Information Section Item C

August 2022 – Development/Project Status Report

#### **SUMMARY**

## **2102 GSP Drive Hangar Renovation Project:**

**Status** – Revising Renovation Scope **Project Budget** – \$1,675,000 **Estimated Completion Date** – TBD

This project includes the renovation of the hangar located at 2102 GSP Drive adjacent to the FBO Terminal. Planned renovation scope includes interior finishes, restroom improvements, exterior paint, door hardware and integration to the GSP campus access control and CCTV systems. The original project budget was reduced by \$2,000,000 at the November 23, 2020 Commission meeting. The start of this project was delayed until other projects could be finalized. Staff is working with the IDIQ contractor pool to advance this project.

#### **Fuel Farm Expansion Project:**

**Status** – Construction Phase **Project Budget** - \$6,000,000 **Estimated Completion Date** – September 2022

This project includes design and construction of two new vertical fuel tanks and a small fueling administration building at the existing fuel farm site. This project will approximately double the days of fuel on hand at GSP. Attaway Services was selected as the Design/Build Contractor. The Project is underway and is expected to be

Greenville-Spartanburg Airport Commission Information Section Item C August 2022 – Development/Project Status Report Page 2

substantially complete in September.

## **General Aviation Hangar Site 1 Infrastructure Project:**

**Status** – Road and Utilities in Construction Phase; Apron in Pre-Procurement **Project Budget** - \$2,900,000 **Estimated Completion Date** – Infrastructure in Summer '22; Apron Paving in Fall '22

The GA Hangar Site 1 Infrastructure Project includes certain infrastructure necessary for the development of the new hangar sites. Work includes taxilane, apron, road, utilities, and other related site work. WK Dickson is the engineer of record for this project. The utility, roadway and retaining wall work for the project was competed amongst the IDIQ contractor pool and Mavin Construction was selected for this work. The apron paving portion of the hangar project will be bid with the cargo apron phase 2 work to improve overall pricing for both components. Mavin is substantially complete with their scope of work.

## Access Control/VMS Upgrade Project:

**Status** – Construction Phase **Project Budget** - \$2,000,000 **Estimated Completion Date** – September 2022

The Access Control & VMS Upgrade Project includes replacement of the primary airport security and CCTV systems. A competitive RFQ and RFP process was held, and the project was awarded to A3. The project is expected to be substantially complete in September.

## <u>Campus Signage Replacement Program - Phase II:</u>

**Status** – Close Out Phase (campus signage); Design Phase (entry signage) **Project Budget** - \$750,000 **Estimated Completion Date** – Substantially Complete (campus signage); Spring '23 (entry signage)

This project includes the completion of the remaining campus signage and wayfinding. The project also includes the design and construction of an entry monument sign on Aviation Parkway based on the Signage Masterplan. McMillan Pazdan Smith will be assisting with final construction documents for the entry monument sign and Mavin Construction will be handling the construction work for the balance of campus signage

Greenville-Spartanburg Airport Commission Information Section Item C August 2022 – Development/Project Status Report Page 3

and the entry sign. The Phase II directional and wayfinding signage is substantially complete. Design for the new entry sign is underway and construction is expected to start in early 2023 and be completed by June.

## **Landside Roadway Improvements Project:**

**Status** – Design Phase **Project Budget** - \$4,000,000 **Estimated Completion Date** – Design in Summer 2022, Construction in December 2024

This project includes the design and construction of the initial roadway improvements in the Terminal Complex per the Airport Masterplan and Terminal Planning Study. Design is underway and 35% documents were recently submitted for Staff review. Turner was selected to serve as the construction manager for this project. The first phase of work is scheduled to start January 2, 2023.

## **FBO Expansion Project:**

**Status** – Design Phase

**Project Budget** – \$500,000 (Design Phase); \$7,300,000 (Construction Phase) **Estimated Completion Date** – Design in Summer 2022; Construction in Spring 2024

Design is underway and is led by McMillan Pazdan Smith. Turner was selected as the construction manager for this project. Construction is expected to start in early 2023 and expected to take approximately 12 months.

The following projects have been put on indefinite hold due to COVID-19 and the financial impacts caused by the downturn in passenger traffic.

## Parking Garage C & CONRAC Facility:

**Status** – On Hold

**Project Budget** – \$2,300,000 (Design Phase); \$75,000,000 (Construction Phase) **Estimated Completion Date** – TBD

This project includes the design and construction of a new combined public parking and rental car ready/return garage. The design was led by LS3P. Due to the COVID-19

Greenville-Spartanburg Airport Commission Information Section Item C August 2022 – Development/Project Status Report Page 4

impacts on the airport and the travel industry, this project is on hold until traffic and revenue return to an acceptable level.

# **Facilities Department Building Expansion Project:**

Status – On Hold Project Budget – TBD Estimated Completion Date – TBD

The FY20 planning and programming task for this project is complete. The design phase has been put on hold due to COVID-19 impacts.

#### MARKETING EVENT SUMMARY

## **Airport History Book Project:**

**Status** – Research and interviews are nearing completion. Editing of the manuscript is currently underway. **Project Budget** – \$40,000 **Estimated Completion Date** – October 1, 2022

The Airport District is under contract with Slant Media to author a new history book to capture events from 2009 to present.

## **GSP Ambassadors Program Launch (Volunteer Program):**

**Status** – Volunteer manual has been finalized and breakroom area completed. Recruitment of volunteers will begin in August 2022.

**Project Budget** - \$1,000

**Estimated Completion Date** – October 1, 2022.

GSP Ambassador volunteers will help passengers with wayfinding, provide assistance to passengers and conduct escorts for the Airport District's art and music programs, and participate in special events in the terminal building. The program will start with 4-6 volunteers and build in response to passenger volume and demand.

#### **Greer Chamber – Arts & Eats Festival:**

**Status** – Booth location selected. **Event Budget** – \$3,000 **Completion Date** – October 1, 2022

The Arts and Eats Festival is an annual community event in downtown Greer. The Airport District is a sponsor and will have a tent set up near City Hall to help educate attendees on the airport as well as give out some GSP branded swag. This year's event runs from September 30-October 1, 2022.

# Ten at the Top Blues, Brews and BBQ

Status – Booth location selected Event Budget – Included in Ten at the Top Sponsorship Completion Date – September 12, 2022

Ten at the Top will host its large annual gathering at Greer City Park on September 12, 2022, from 4pm to 7pm. GSP will host a booth to promote fall travel and conduct a drawing for an airline gift certificate.

## <u>City of Greenville – Fall for Greenville:</u>

**Status** – Booth location selected. **Event Budget** – \$5,000 **Completion Date** – October 16, 2022

Fall for Greenville is an annual community event in downtown Greenville. The Airport District is a sponsor and will have a tent set up in front of City Hall on Main Street to help educate attendees on the airport as well as give out some GSP branded swag. This year's event runs from October 14-16, 2022.

#### **2022 National Business Aviation Association (NBAA) Conference:**

**Status** – The lottery to select our booth location will take place July 6, 2022. **Business Development Budget** – \$25,000 **Completion Date** – October 21, 2022

NBAA is a business development and exhibiting opportunity for the Airport District to showcase our GSP360 land development program as well as Cerulean Aviation. This year's conference is in Orlando, FL and runs from October 18-20, 2022.

## 2022 Air Cargo Forum Miami & Transport Logistic Americas Conference:

**Status** – Booth location selected. **Business Development Budget** – \$20,000 **Completion Date** – November 11, 2022

Air Cargo Forum is a business development and exhibiting opportunity for the Airport District to showcase the airport's cargo handling capabilities and to serve as a gateway for freight forwarders along the east coast of the U.S. This year's conference is in Miami, FL and runs from November 8-10, 2022.

## **2023 MRO Americas Conference:**

**Status** – Booth location selected. **Business Development Budget** – \$15,000 **Completion Date** – April 21, 2023

MRO Americas is a business development and exhibiting opportunity for the Airport District to showcase our GSP360 land development program as well as target MRO development on the airport like PSA Airlines. Next year's conference is in Atlanta, GA and runs from April 18-20, 2023.

DATE: September 12, 2022

## **ITEM DESCRIPTION – Information Section Item E**

August 2022 - Commercial Business Report

#### **Airport Mailers Kiosk:**

**Status** – Concessions agreement under review by their owner for signature. **Project Budget** – All costs are being covered by Airport Mailers. **Estimated Completion Date** – Project on Hold

Airport Mailers provides shipping services to passengers that have prohibited items which aren't allowed through the TSA security checkpoint. Instead of surrendering the item to TSA or taking it back to their vehicle, they can ship the item to their home or office. This is a service that has been requested by the traveling public, as many people don't want to leave behind something of significant monetary or personal value.

#### **SB Acquisitions – Tract A Development Site:**

**Status** – Construction is estimated to be completed by mid-September. District staff will inspect construction mid-September to ensure the project is complete and bond is released. **Project Budget** – All development costs are being covered by SB Acquisitions. **Estimated Completion Date** – September 15, 2022

On November 25, 2019, the Airport District approved an initial 20-year lease with two five-year option periods for approximately 43 acres of land on Tract A. The lease agreement was fully executed by both parties on January 25, 2020. Once completed, the site will be for light manufacturing and assembly for after-market vehicle modifications as well as vehicle parking.

Greenville-Spartanburg Airport Commission Information Section Item E August 2022 – Commercial Business and Marketing Report Page 2

## **Palmetto Sites Program:**

**Status** – Staff is working with our consultant on some challenges related to a recent policy change related to the U.S. Army Corp of Engineers no longer providing Jurisdictional Wetland Determinations (JWD) if a permit is not being requested for a construction project. JWD's are a requirement of the Palmetto Sites Program.

**Project Budget** – All Phase I costs are being covered by SC Department of Commerce. All Phase II costs are being covered by the Airport District for Tracts A, C, F/H, and G. **Estimated Completion Date** – September 30, 2022

The SC Department of Commerce has an industrial site readiness program entitled the Palmetto Sites Program to designate property in the state of South Carolina that has been determined to be "checked for readiness" from a development perspective. This helps market the property by having it listed in a statewide database and providing developers with a sense of comfort in knowing that the initial site evaluation work has already been completed.

Phase II of the project requires a Phase I ESA, wetland delineation map, threatened and endangered species survey, archaeological and historical investigation, Geotech assessment, etc. The Airport District has moved forward with Phase II on Tracts A, C, F/H. and G.

## **Land Development Design Standards Manual Project:**

Status – On Hold.

Project Budget – \$50,000

Estimated Completion Date – TBD

The Airport District has 2,500 acres of land within the GSP360 Beyond the Runway land development program. The design standards manual will provide a guide for developers to use as they plan and develop construction documents for future development sites on Airport District property. In addition, it will address tenant improvement projects once facilities are completed.

Greenville-Spartanburg Airport Commission Information Section Item E August 2022 – Commercial Business and Marketing Report Page 3

## **Stevens Road Closure Project:**

**Status** – Obtained court approval to close the road. Planned road closure implementation is in the November/December 2022 timeframe.

**Project Budget** – \$10,000

Estimated Completion Date – December 1, 2022

To properly plan for future development in accordance with the Airport District's FAA approved master plan, Stevens Road will need to be closed to transitory traffic. This is the first step in that process, to ensure that the Airport District has clear ownership of the roadway itself as well as the associated right-of-way, as there are not clear ownership records on file.

## **T-Mobile Signal Strength & Data Transfer Speed Enhancement Project:**

**Status** – Drafting a new lease agreement for T-Mobile that will replace the current Sprint site. The Sprint site with 3G and LTE networks will be decommissioned in summer of 2022. **Project Budget** – All costs are being covered by T-Mobile. **Estimated Completion Date** – TBD

T-Mobile has received customer service complaints regarding the signal strength for their wireless customers while at the airport. They are presently evaluating the current signal strength. Subsequently they will evaluate options to determine the best corrective action to boost signal strength and data transfer speeds around the airport campus.

#### **FedEx Cargo Facility Agreement:**

Status – In progress.

Project Budget – Not Applicable.

Estimated Completion Date – December 31, 2022.

The District is in correspondence with FedEx on renewing the Cargo Facility agreement.
